Re: Signature Verification Application
Your Ref. No.: 9103-160-1

Dear Paul:

Attached find my marked-up version of your second draft of the above-captioned case. Please incorporate my revisions, and any additional changes you desire to make, into a finalized application. I've included Mike Fein's draft for your information. Please file the finalized application as a provisional application as soon as possible, and then send me the filed version for further review by the inventors and myself.

If you have any questions regarding any of the above, please telephone me.

Very truly yours,

Dennis E. Kovach
Staff Vice President, Intellectual Property
Legal Department
